EDUCATION

National Institute of Technology, Patna

Dual Degree (B.Tech + M.Tech) in Computer Science Engineering

Patna, Bihar, India

Sept 2022 – June 2027

Awadh Bihar Choudhary Baghra

Intermediate, Science Stream

Siwan, Bihar, India

May 2019 – April 2021

TECHNICAL SKILLS

Programming Languages: C++, JavaScript, SQL

Web Development: MERN Stack (MongoDB, Express.js, React.js, Node.js), HTML, CSS

Database Management: MySQL, MongoDB

Core Competencies: Data Structures & Algorithms, Full-Stack Development, Software Development

Tools & Technologies: Git, RESTful APIs, Video Editing Software

Soft Skills: Leadership, Team Management, Content Creation, Public Speaking

PROFESSIONAL EXPERIENCE

Software Development Intern

AICTE Edunet Foundation - IBM SkillBuild

June 2024 – Present

Remote

- Gained hands-on experience in enterprise-level software development practices and IBM technologies
- Collaborated with cross-functional teams to develop and deploy scalable web applications
- Enhanced problem-solving skills through real-world project implementations

Social Media Manager

National Institute of Technology, Patna

Aug 2024 – Present

Patna, Bihar, India

- Manage and strategize social media presence for NIT Patna, increasing engagement by creating compelling content
- Coordinate with various departments to showcase institutional achievements and events
- Leverage video editing and content creation skills to produce high-quality promotional materials

Content Creator & Video Editor

YouTube Channel (2.5K+ Subscribers)

Dec 2022 – Present

Remote

- Built and grew a YouTube community of 2,500+ subscribers through consistent, engaging technical content
- Produce, edit, and optimize video content, demonstrating strong communication and storytelling abilities
- Analyze audience metrics to refine content strategy and maximize viewer engagement

PROJECTS

ByteVerse – Full-Stack Web Application

MERN Stack, RESTful API, Authentication

GitHub Portfolio

- Developed a comprehensive full-stack application using MongoDB, Express.js, React.js, and Node.js
- Implemented user authentication, authorization, and secure data management practices
- Designed responsive UI/UX with modern frontend frameworks and optimized backend performance

Data Structures & Algorithms Portfolio

C++, Problem Solving, Algorithmic Optimization

- Solved 300+ DSA problems across various platforms, demonstrating strong analytical and coding skills
- Implemented efficient algorithms for sorting, searching, dynamic programming, and graph traversal
- Optimized code for time and space complexity to handle large-scale data processing

CERTIFICATIONS & ACHIEVEMENTS

ByteVerse Certification – Recognized for excellence in full-stack development

YouTube Mad Influence – Acknowledged for impactful content creation and community building

Drama & Film Club Member, NIT Patna – Active participation in creative and cultural activities

Leadership Recognition – Demonstrated versatile leadership and management in academic projects
